# Shed Features

## Walls

14mm Shiplap or  
20mm Loglap

## Roof

14mm TGV &  
Polyester Felt

## Floor

14mm TGV &  
50x75mm Bearers

## Framing

38x50mm or  
50x75mm

The timber that we use is pressure treated, planed & smooth, Scandinavian Redwood. Our Scandinavian Redwood is slow grown to ensure the timber is strong. It is pressure treated to protect against insect infestation & rot for up to 10 years, which gives our sheds the best start!

We do recommend further measures are taken to get the most out of your shed. We will arm you with all the information you could ever need to ensure your shed has a long & happy life.

The roof is protected with a **high-quality Polyester Fibre Roofing Felt**. This is not your typical shed felt but a bitumen felt which is reinforced with polyester for durability & strength. We have specially selected a roofing felt with a smaller mineral compound that allows rainwater to run off more easily, this reduces the chance of water ingress. Every shed roof has an extra layer of protection with a **breathable membrane** before the felt is installed. We have more options such as EPDM rubber roofing or an attractive felt shingle which give a lovely, tiled effect.

## We Make to Measure!

Including tapered or odd  
shapes & sizes!

Get in touch for a  
bespoke quotation

A standard single door is 30" wide, braced and fully framed with an internally mounted rim lock & key. Double doors are an option, or even an extra single door!

If you opt for windows, our single glazed 4mm thick glass is perfect for most sheds but if you are looking for something a little extra, we can include double glazed or even UPVC (very posh!)

We have a made to measure service, options to upgrade your shed, and many additional extras to ensure your shed is perfect for you.

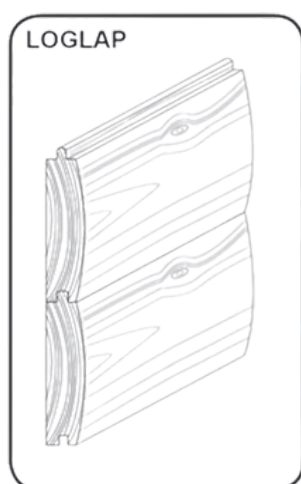

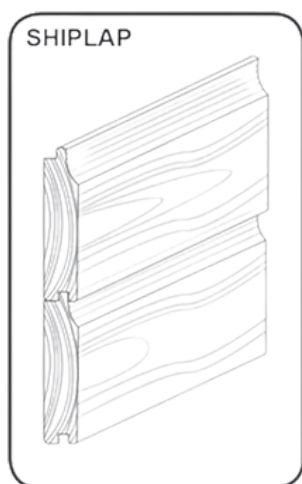

# Small Sheds

Size	14mm Shiplap	20mm Loglap	Heavy Duty Frame	Felt Shingles	Rubber Roof
6x4ft	£795	£945	+£95	+£95	+£245
6x5ft	£890	£1050	+£130	+£100	+£345
6x6ft	£985	£1165	+£145	+£130	+£410
7x5ft	£980	£1160	+£140	+£130	+£410
8x6ft	£1170	£1385	+£175	+£170	+£450

## Free Installation

All prices include high quality polyester fibre roofing felt, 38x50mm framing & professional installation to a solid, level base area.

## Cladding Type

You can choose which clad type would suit you best.

Both of our clad types are a tongue and groove, Scandinavian Redwood. The image to the left shows the different profiles of each.

Loglap is better if you want a more rustic log cabin design. Shiplap is better if you want something that may look slightly more modern and angular.

# Medium Sheds

Size	14mm Shiplap	20mm Loglap	Heavy Duty Frame	Felt Shingles	Rubber Roof
8x8ft	£1395	£1635	+£210	+£185	+£500
6x10ft	£1365	£1600	+£200	+£170	+£520
8x10ft	£1615	£1885	+£250	+£230	+£590
10x10ft	£1870	£2170	+£300	+£280	+£695
8x12ft	£1840	£2140	+£290	+£275	+£635

## *Free Installation*

All prices include high quality polyester fibre roofing felt, 38x50mm framing & professional installation to a solid, level base area.

## Felt Shingles

Felt roofing shingles are lightweight, glass fibre based, bitumen roofing shingles which have a life expectancy of +15 years.

Not only are they a long lasting weatherproof protection, they give a highly decorative finish to be proud of.

Most suitable for Apex & Hipex roof styles

# Large Sheds

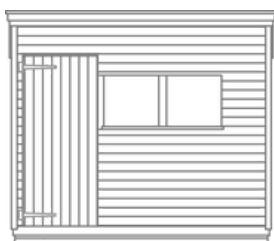

Size	14mm Shiplap	20mm Loglap	Heavy Duty Frame	Felt Shingles	Rubber Roof
10x12ft	£2120	£2450	+£345	+£340	+£825
12x12ft	£2400	£2760	+£400	+£410	+£940
10x14ft	£2370	£2730	+£390	+£400	+£920
12x14ft	£2680	£3075	+£445	+£480	+£1010
10x16ft	£2620	£3010	+£435	+£455	+£1000
12x16ft	£2960	£3385	+£500	+£545	+£1100

## Choose your roof style!

We don't have separate prices for apex & pent roof styles. They are the same price!

An apex is a timeless & attractive style. It is better suited if your width is shorter than your depth.

A pent has a flat, sloping roof which is modern & practical. We recommend this style if your width is longer than your depth.

## Free Installation

All prices include high quality polyester fibre roofing felt, 38x50mm framing & professional installation to a solid, level base area.
